Hearing Outcome

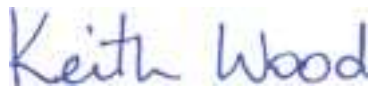

Finding	<p>The Panel did not accept the Player's version of events to the extent that they departed from the referee's version. Nor did the Panel accept that the Player's contact with the WA State Player was accidental.</p> <p>As to penalty, the Panel found:</p> <p>(a) a total effective disqualification of two years is not manifestly excessive in all the circumstances;</p> <p>(b) however, in view of the Player's youth and potential, he should be given an incentive, after serving out an appropriate fixed penalty, to make efforts towards controlling and managing his propensity for aggression;</p> <p>(c) to this end, the Panel is prepared to suspend the second 12-month period of the Player's disqualification, provided that the Player demonstrate to the satisfaction of FW that he is undergoing anger management counselling.</p>
Penalty	<p>Decision:</p> <ol style="list-style-type: none">1. Conviction for offences against 2a, 10 and 14 upheld.2. 3-match suspension for 2a offence upheld.3. 24-month suspension for 10 and 14 overturned and substituted with the following order: <p>The Player is disqualified from participating in a match or fixture of Football West for the period from the 6 September 2011 up to and including 31 December 2013.</p>

	The Player's disqualification shall be suspended with effect from 1 January 2013, provided that, on or before that date, the Player shall produce evidence to the reasonable satisfaction of Football West that he has attended no fewer than 6 sessions of not less than one hour's duration each, with a full (non-associate) member of the Australian Psychological Society Ltd, to address issues of anger management and aggression.
