

## Enhancements to MyFootballClub

- Improved access for first time users. Additional functionality which allows individuals to confirm their identity and access their account if their password and email address is not up to date.
- No payment split for online payments. All registration fees go directly to club account (minus 2% transaction fee).
- Ability for Players to request online de-registration through MyFootballClub.
- Simplified process for entering Parent Details. The steps to enter parent, guardian and emergency contact details are reduced and simplified.
- Custom messages on Invoices. Clubs can add a custom message which will appear on the individual's registration invoice and on the final page of the online self registration workflow.
- New functionality to take photos in club registration. Clubs are able to take a photo using a web camera when they register the individual through club registration.
- Ability to edit answers to Additional Questions. The functionality of Additional Questions is improved, including the ability for individuals and clubs to edit their answers to Additional Questions after they have submitted their registration.
- New fields to capture Child Protection legislation checks. This can be used for coach, volunteer registrations to make sure they have complied with legislation.
- More efficient lists and filtering. Improved performance and loading of registration list pages and remembering filter options.
- Restricting duplicate registrations. Adding checking and validation to restrict creating duplicate individuals and duplicate registrations.
- Team Allocation improvements. More fields to define the team and ability to lock out changes to a team.
- Flexible Football Types. Increased flexibility in the types and number of registrations for different football types, such as social, school, representative etc.
- Various improvements to make MFC more user friendly, such as setting default values, simplifying phone number fields, clearer labeling and workflow, improved usability and descriptions in the reporting field.
