<b>Football West Resolution</b> <p>The recommendations have been noted by the Football West Executive and Board.</p> <p>Football West recognises the continued dialogue regarding matters relating to the NPL Men’s Competition and associated Boys Junior competition from Standing Committees and affected clubs. It is recognised that there are often divergent views between stakeholders on a range of matters.</p> <p>Football West has determined the following:</p> <ul style="list-style-type: none"> <li>there will be no changes made to the structure of the NPL Boys Junior Competition for 2020 competition;</li> <li>there will be no changes to the oversight of the NPL Boys Junior Competition within the current governance framework.</li> </ul> <p>As communicated previously to Company Members and relevant stakeholders Football Federation Australia is currently conducting a National Review of the NPL Competition and will be engaging with Football West Standing Committees, clubs and stakeholders to inform the framework going forward.</p> <p>Football Federation Australia is also currently conducting a Constitutional Review which will inform future governance structures for Member Federations.</p> <p>Football West considers that given the active work being undertaken by Football Federation Australia it would be prudent to not make changes until the reviews have been completed and considered for implementation.</p> <p>Football West has also established a Game Development Committee that will inform the long-term football planning and development, of which the NPL Competition and related competitions will be considered.</p>
