

Standing Committee Recommendation

To: Chief Executive Officer
From: Amateur Masters and Metro
Date: 25th August 2020

Recommendation (provide a detailed description of the recommendation)

To order final league tables and hence award league titles on a points per games played basis rather than a points total basis.

Describe the Issue or Idea (give a concise description of the issue focussing particularly on the problems that are being experienced)

Due to the shortened nature of the 2020 season some competitions have an uneven number of byes in the divisions. The result of this is teams will play an uneven number of games giving those teams that play more games a greater chance of being crowned champions.

Describe the benefits of Football West implementing the Recommendation

- Fairness where no option to play the games mid-week is available in lower divisions
- A precedent was set by the premier league in England awarding the Women's title on this basis.

List the Clubs or Club Associates that have been consulted in reaching the recommendation

Approximately three clubs had proactively contacted the committee on this issue. This wasn't formally documented. The members of the committee present at the meeting on 24th August voted unanimously for this recommendation.
