<b>Football West Reasons</b> Football West is aware that due to withdrawals of teams, some divisions have an odd number of teams and byes. Due to the limited time frame to complete the season, these divisions will finish with teams having played an uneven number of games. To ensure that teams have a fair opportunity to win the league, those divisions that will finish the season with an uneven number of games will be decided on an average points per game basis, rather than a total number of points.
