Step 3 – Selecting Individuals

The 'Available Players' (left-hand column) list will display all players registered through PlayFootball to the club.

Team managers can assign club members one at a time to a team by selecting players in the 'Available Players' list and dragging individuals into the 'Selected Players' list (box on the right). Alternatively, drag individuals from 'Selected Players' into 'Available Players' to withdraw players from the list.

Click 'Save' to confirm the team list.

These details will automatically be updated to your Sports TG website, which will keep a tally of all player results that are entered throughout the season.

Step 6 – Player & Team Official Selection

If you did not complete the “Modify Team List” area, you will need to select from all available club players until a club administrator with full access to the club can complete that step. After the first team sheet is complete, following team sheets can be brought over from the previous match.

1. Within ‘Autoselect Players’ choose one of three options:

No Auto Select – no players will be auto selected and requires manual selection of players from ‘Available Players’ by clicking the green plus symbol next to the relevant individual.

Players who played last week – this option will auto select those players who played in the previous fixture. Simply add/remove players to reflect the current match.

Players registered to this team – this option will auto select players allocated to team list (outlined in Step 3). Simply add/remove players to reflect the current match

2. Clubs must confirm players and playing numbers on this page. For competitions where a certain number of overage players are permitted to be listed – indicate these players by putting an asterisk next to the shirt number.

3. Clubs must also select the Team Officials including Coach. Please select the team official via the drop-down box (team officials registered on PlayFootball will only appear in this list) or alternatively manually enter team official names in ‘temporary assignments’. Click the ‘Public Visible’ tick box to reflect that team official in the match centre online.

At the completion of the team selection click ‘Save’

At the completion of Team Official Selection, click “Save Team Officials”
