

Walking Football is a fun, accessible, low impact, age-appropriate format of the game. The flexible format makes it accessible to members of the community and sessions can be tailored according to the needs of the participants and group.

Club hubs are a great way to get involved in Walking Football! With the support of Football West and Football Australia, clubs can access plenty of great benefits for initiating a hub at the start of 2022.

A club hub can run for minimum of 8 sessions.
