

Scoring a Match (MiniRoos leagues, 8-12 only)

Use this guide to score a MiniRoos match. Please note, due to competition rules, scores will not publicly display for these leagues.

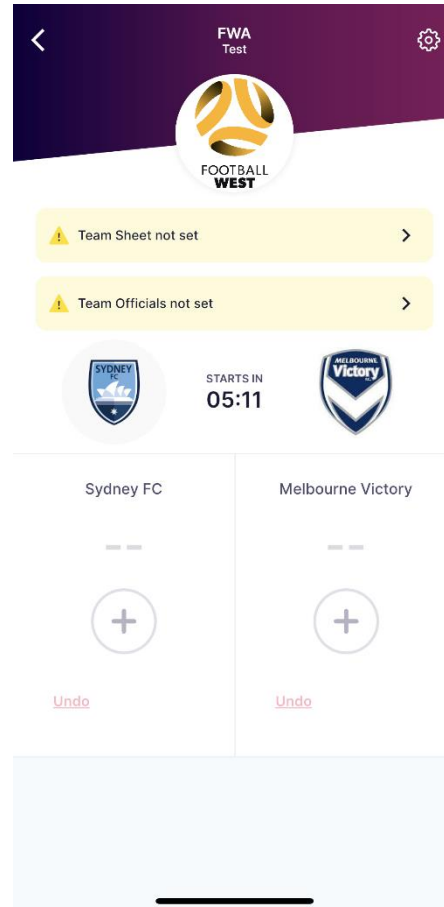

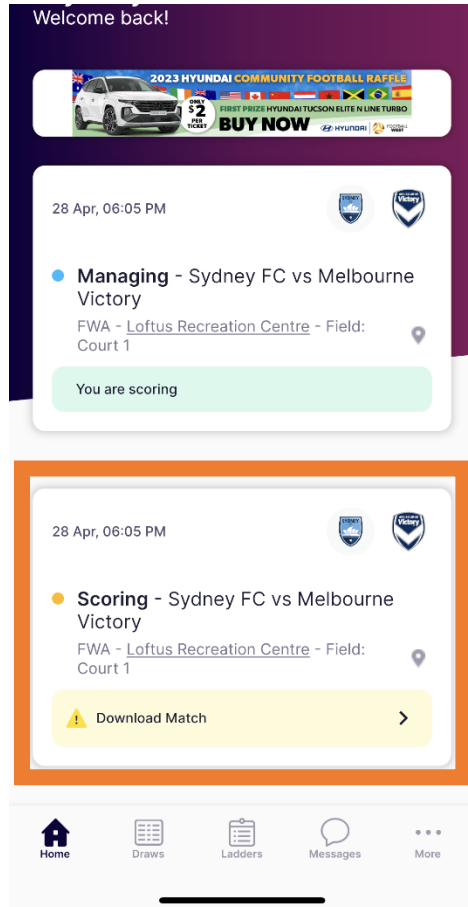

STEP 1 – ASSIGN A SCORER

1. The home team manager must assign a scorer. If you are Team Manager, follow the steps below. If you have been assigned as a scorer, go to the **Step 2 – Scoring a Match**.
2. If your team is responsible for scoring you will see a notification on your Match Card. Press on **Scorer not set**.
3. Press on **Assign a Scorer**.
4. Press the toggle to assign yourself as the scorer, or search for someone to score the game. A scorer can be anyone who has registered in the app and is following the competition you're in. If the name you're searching for doesn't appear, this means they either have not registered, or are not following the competition or league you are in.
5. Once complete, press on **Confirm Scorer**.

STEP 2 – SCORING A MATCH

1. If you have been allocated scoring duties, a Scoring Card will appear on the home screen of your app.
2. You may see reminders to let you know that **Team Sheets not set**, or **Team Officials not set**. If so, make sure these are completed for your team. The opposing team manager should be completing their team sheet, on their device.
3. The match timer will automatically begin at kick-off. You will be able to pause and recommence the timer throughout the match.

- To record a goal, press on the **+** symbol for the team.
- To remove the last goal recorded, press **Undo** on the scoring console. This will remove the last item recorded.
- Once complete, press **<** to go back to the home screen.
- If you see a note to **Verify Action Log & Scores**, press on this and then press **Verify** (top right corner) on the next screen.
- Your scores will be submitted, and the Scoring Card will disappear.
